INTRODUCTION

As we all know we are now passing through unprecedented times. With the entire Globe weathering COVID 19, we are in uncharted territory. Humanity has of course seen other seismic events, but something as novel as this pandemic cannot be described easily. During this unprecedented times, Brilliant Study Centre has definite plans to conduct Medical Engineering coaching classes and we have already proved that our ongoing online classes are very effective. We are happy to announce that we have well defined definite plans for entrance coaching during the Post COVID period which are more comprehensive than the coaching during the Pre COVID period.

Brilliant Study Centre proudly announces two year integrated programmes in medical and engineering stream - for those who are studying in Class X during the academic year 2021-22 and are eager to become super-achievers.

IIT/AIIMS batches are designed as an excellent group of students with high ambition, potentialities and ready to work hard. By providing good academic support, periodic test papers, evaluations and remedy measures, we ensure that the students could give optimum output. Brilliant assures the parents and students that entrance coaching of the highest quality will be given to these batches, thereby enabling the students to contribute towards professional excellence.

AIIMS & NEET BATCHES: These batches are intended for students who wish to appear for NEET. Even though these programmes enable the students to excel in all the above entrance tests, our prime objective is nothing but AIIMS.

IIT (JEE ADVANCED) BATCH: It is a target-cum-foundation course for students who wish to pursue studies in IIT / NIT / IISER / IIST / BITS and other national institutes of excellence. It also gives weightage to state level examinations. Even though these programmes enable the students to excel in all the above entrance tests, our prime objective is nothing but IIT.
