COURSE DESCRIPTION

This is a one year Long Term Programme designed for science students completing class X1 in 2025. Students now studying in class XI can either opt for Online only or Hybrid mode, the details of which are given below.

ONLINE PROGRAMME

These batches are designed such that both first year and second year topics will be covered through Online classes. Periodic test papers and doubt clearance sessions will also be conducted through online mode. A special feature of this course is that the students can attend these classes from anywhere in the globe

HYBRID (Online & Offline) PROGRAMME

The batches are designed such that the topics will be covered through a combination of online and offline modes. It is planned to cover the entire first year topics through online mode. After the completion of first year topics, the classes will be shifted to offline mode. There are offline centres across Kerala and the students can select a centre convenient to them. It is scheduled to complete the first year topics through online by May 2025 and the offline classes are expected to start in the end of May 2025
